NTC.MDD F L-A enriched genes
Top logFC DEGs per theme annotated with black

The image displays a 2D grid with 8 columns and 40 rows. Each cell contains a dot of varying size and color. The colors range from white to black, with intermediate shades of light blue and dark blue. The dots are arranged in vertical columns, with the size and color of the dots varying across the grid. The background is a light red color with horizontal grid lines.
